January 2018

Dear Prospective Vendor:

Greetings! The National Baptist Convention, USA, Inc. H.O.P.E. Health Initiative will hold its 14th Annual H.O.P.E. Health Week June 18-21 during the 113th Annual Congress of Christian Education in Oklahoma City, Oklahoma. This year's session will be held at the Cox Convention Center with an anticipated attendance of more than 20,000 participants. While the main thrust of the meeting is Christian Education Training, our Convention sponsors H.O.P.E. (Health Outreach Prevention Education) Week activities to promote health and wellness to our member churches and their delegates. This health and wellness focus provides an opportunity for participating health advocacy organizations and non-profits to provide information about health-related issues to the delegates attending the session.

We would be delighted to have your organization participate in our 14th Annual H.O.P.E. Week and partner with us as we strive to build healthy communities congregation by congregation. We have several sponsorship opportunities available. See the attached brochure.

Our hope is that you will decide to participate this year. For more than a decade, participants attending the sessions have received life enriching and lifesaving information shared with them by hundreds of health oriented participants like you. We believe that your health-related message would add to this legacy.

We anticipate that the 2018 H.O.P.E. Week will be our greatest yet. We look forward to working diligently with you to make that happen. If you have questions or require additional information, please do not hesitate to contact me. Additional information about the H.O.P.E. Initiative and the 2018 H.O.P.E. Week are posted on our website – www.hopenbc.com.

I look forward to working with you.
